16TH YEAR

Children Cry for Pitcher's Castoria.

Where Does it Go?

Millions calling, millions bawling,
Millions of mothers Castoria cry;
Ships are loading, trains are speeding
Castoria, ere the children die.

THIS expresses the current idea in regard to this important and remarkable preparation. Important, because it relates to the health and lives of millions of children;—remarkable, because it does what it promises to do. More than one-third of all children born, die before they are five years old. Every one of those who live, is sometimes sick. How important that Infants and Children should have a proper remedy at the proper time **Castoria** has been proved to be the proper remedy. It is a vegetable prescription for Infants and Children formulated by the eminent Dr. Pitcher nearly thirty years ago. It was intended as a substitute for the dangerous opium preparations, like paregoric, laudanum drops, cordials, and so-called soothing syrups, once so generally given to children, the effects of which were to stupefy them. This formula was given to the public, and is in print around each bottle. It met the approval of advanced physicians of all schools It is absolutely harmless. The patronage of Castoria has been unprecedented. Its present sale is at the rate of about **27,000,000** bottles per annum. Where does it go? It goes everywhere. It is sold throughout America, Europe, Asia, Africa, and the Islands of the oceans. Such results could only attach to an honest, reliable, exceptionable article;—to one that invites criticism; one which has stood the test of time, and one which has been handed down from mother to daughter.

When baby was sick we gave her Castoria.
When she was a child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Baby Wants Castoria.

Save The Babies.

INFANT **mortality** is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

Empty cradles, mothers weeping;
Fathers toiling, hearts are breaking;
Sisters lonely, darlings calling;
Brothers waiting, silence reigning.

We do not hesitate to say that a timely use of **Castoria** would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. All the drops, tinctures and syrups sold for childrens' complaints are composed principally of opium or morphine. They are, in considerable quantities, **deadly poisons.** In any quantity, they stupefy, retard circulation, and lead to congestions, sickness, death.

CASTORIA operates exactly the reverse. It causes the blood to circulate properly, opens the pores of the skin and allays fevers. Then the child sleeps. He gets well. This is the way Castoria acts.

What Will It Do?

It will do many things. It will do them quicker, better, and more thoroughly than any other formula known to the medical profession.

Castoria cures Colic, Constipation,
Sour Stomach, Diarrhœa, Eructation,
Gives healthy sleep, and promotes digestion,
Without injurious medication.

Flatulency, Sour Stomach, Wind Colic:—Cure, Castoria and bath.

Thrush or Apthea—White pimples around child's mouth and mother's nipples:—Cure, Castoria and good bathing.

Prickly Heat and Scurf:—Cure, Castoria, spare diet and bathing.

Milk Crust—White pustules, dark crust, sore eyes:—Cure, Castoria and warm bathing.

Hives and Nettle-Rash—Light diet; Castoria and tepid baths.

Indigestion—Constipation:—Castoria, warm bath. Cure absolute.

Colic—Worms—Castoria, extra quantity; bathe and rub

Diarrhœa—Belching wind:—Castoria, rest, cold bathing.

THESE **are some** of the things Castoria will do. But during

Teething,

when the child is from 6 to 30 months' old, the effects of Castoria are most happy and remarkable. It soothes pain, it allays fever, it prevents congestion. Very hot baths are not to be neglected in case of congestion.

What Castoria did for Mrs. Fearis' Twins.

No. 1388 Ninth Avenue,
NEW YORK, May 19, 1887.

"MY little twins, Walter and Eva, were seven months old when this photograph was taken, and they weighed fourteen and sixteen pounds respectively. They are the pride of the neighborhood. Their uniform good health and cheerfulness I attribute to the free use of Castoria. They never cry, and are perennial blessings." MRS. W. FEARIS.

"Harmless and Reliable."

Dr. J. N. Kincheloe, of Conway, Ark., writes:—"I rejoice to know that a remedy for children has been introduced which is harmless and reliable. All morphine drops and syrups are absolutely dangerous. I prescribe **Castoria** regularly. Any mother can administer it without fear."

There are 2,300,000

PORES on the skin of every baby, child and adult. More than one-half the food consumed by us is finally liberated through these pores in the shape of invisible perspiration. When the pores are clogged by this offensive paste, several ounces per day of effete, decaying substance is driven into the system, there to putrefy and poison the victim. It stands to reason that unless these pores are kept open; fevers, hives, constipation or diarrhœa, or sickness of some kind must follow.

Frequent bathing and rubbing is of more importance than medicine; but when bathing has been neglected, and drooping or sickness occurs with the little ones, give them **Castoria** at once. Prompt action may save a spell of sickness; it may save the child's life. Castoria warms the system; it relieves the congestion and opens the pores of the skin so that invisible perspiration resumes its work. Sickness is caused by closing the pores of the skin as quickly as it is by closing the bowels. This should not be forgotten. If all mothers knew the value of Castoria as some of them do, it would save two-thirds of infant sickness, and reduce infant mortality one-half.

Look at Robbie Hale!

Seven months! Thirty pounds!! Castoria did it. What Dr. Mullin says:—

"I certify that little Robbie Hale of 466 Portland avenue, St. Paul, was a thin crying baby from his birth until he was given **Castoria**. He began to improve from the first week's trial. Has taken 13 bottles; is perfectly well; weighed 30 pounds the day he was seven months old, and when this picture was taken. Robbie's changed condition has caused many mothers to use Castoria. It is the best thing for babies I have ever known."

FANNIE MULLIN, Prof. Nurse, 466 Portland Ave., St. Paul, Minn.

"Especially Adapted to Children."

DR. Alex. Robertson, of 1057 Second Avenue, New York, says: "I use **Castoria** in my practice, and find it specially adapted to children and females."

"Superior to Castor Oil."

Dr. E. A. Enders, a leading physician of Cornwall, Lebanon Co., Pa., says:—"I use **Castoria** in my practice, and **recommend it** as a safe, reliable, and agreeable medicine and superior to Castor Oil."

"Superior to any other Remedy."

Dr. H. A. Archer, an eminent physician of No. 111 South Oxford Street, Brooklyn, N. Y., says:—"**Castoria** is so well adapted to infants and children, that I recommend it as superior to any other known remedy."

"Sent 50 Miles for it."

Mr. J. M. Gordon, writes from Buffalo Gap, Dakota:—"Have just removed here from York State, and have had to send fifty miles for some **Castoria** and Centaur Liniment. No living on the ranch without **Castoria**."

"The Most Popular Article in Germany."

Mothers Do You Know

THAT paregoric, Bateman's Drops, Godfrey's Cordial, many so-called soothing syrups, and most remedies for children, are composed of opium or morphine?

Do You Know that opium and morphine are stupefying, narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics, without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States and of other countries have issued exclusive right to Dr. Pitcher and his assigns to use the word "**Castoria**" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that **35 average** doses of Castoria are furnished for **35 cents,** or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The Thirty-Pound Baby.

The proudest, best woman the world ever saw,
Was Mrs. Sophrano Zebulon Shaw,
Who had an eight months' old thirty-pound boy,
Which made her as proud as a mother of Troy.

This good mother thought a prize she'd obtain
For her modern Marc Mundas Antonia;
But alas! the prize she'd so hoped to gain
Went to the twins who cried for **Castoria.**

A man has a bag of corn, a fox and a goose to transfer across a river. His boat is only large enough for himself and one at a time of his possessions. How does he manage so that the goose will not eat the corn or the fox the goose ?

"Pa is it right to call a man born in Poland a Pole ?" "Of course, my child." "Well, then, if a man is born in Holland, is he a Hole ?"

One of the first lessons taught at the many fashionable cookery schools is: "Never stir the hash with one hand and smooth the hair with the other."

Snuffles are completely done away with by the use of Wei De Meyer's Catarrh Cure.

In church again sat Deacon Jones smilingly well,
For his clothes appeared new with grace and **Zymel.**

What killed Cæsar ? Too many Roman *punches.*

Castoria is to mothers added wealth,
For it gives them rest and their baby's health.

Is life worth living ? Depends upon the liver.

Generally speaking, what is it ? Woman,

"The rich," said a Jew, "eat venison because it is deer, I eats mutton because it ish sheep."

What was it a blind man took at breakfast which restored his sight ?—He took a cup and —saw, sir.

Mrs. Jenkins complained that the turkey she had eaten didn't set well. "Probably," said Jenkins, "it was not a hen turkey."

What of Such Twins as These!

No. 1629 Lexington Avenue,
NEW YORK, July 20, 1887.

"THIS is a picture of my boy twins, Charlie and Willie, taken when they were five and a half months old. They weighed sixteen pounds each. They have never been sick, because I have brought them up on Castoria. Thinking that you would be pleased to see two such cherubs, I send you their pictures." MRS. HERMINE SCHULZE.

Some Well-Known Editors say

Chillicothe, O., April 23, 1887. "Castoria has no doubt saved me much sleep and many midnight parades." Signed (?) HASPER & HUNTER.

"Our Little Children."

No institution in the United States is better known for the good done orphan children than the ST. ANN'S INFANT ASYLUM, No. 1236 North Tenth St., St. Louis, Mo. The following is what its matron says of the wonderful Castoria.

ST. LOUIS, April 30th, 1886.

GENTLEMEN:—"We find Castoria an admirable remedy for our little children. Using a great deal of it, we desire to purchase at the wholesale price, which please send us. Receive the thanks of SISTER ANN FRANCES."

How Baby Fooled Them.

Baby cried; that seemed to be his vocation;
But we doctored him for colic, diarrhœa,
Sour stomach, nettle-rash, worms, constipation,
Teething—and each infantile adversary.

We gave him soothing syrups, paregoric,
Bateman's Drops, Godfrey's Cordial and panacea;
Searched for pins, thought of imps, of things satanic;
'Twas only one more child crying for **Castoria.**

"The honeymoon is all well enough," said a prudent belle; "but what I yearn for is the harvest moon."

The naked truth—a bear story.

On entering, always let your lady precede you.
On leaving, never mistake a silk umbrella for your cotton one.

By all pursuits by man invented,
The farmer's is the best contented.
His profits good, his calling high,
And on his labors, all rely.

Dr. F. W. Wei De Meyer, 77 Murray St., New York, will guarantee to cure Catarrh.

"My clothes look like new," said John to his belle.
"You're a fraud," said Jane, "I think it's **Zymel.**

Why doesn't the devil skate? How—in *hell*—can he.

It is a fact there is no "may be,"
A mother's milk can't save the baby,
While sweet **Castoria** digests their food,
Gives them health and makes them good.

An instantaneous pain reliever—**Centaur Liniment.**

"That's the end of my tale," as the tadpole said when he turned into a bullfrog.

A little kiss, a little bliss, a little ring; it's ended. A little jaw, a little law, and lo! the bonds are rended.

Man is sixty-five per cent water, and railroads are seventy-five per cent water.

Teacher—"Who was the strongest man?"
Boy—"Jonah, because the whale couldn't hold him after he got him down.

Pray tell us ladies if you can,
Who is that highly favored man,
Though he's married many a wife,
May be a bachelor all his life?

A Clergyman.

One Baby causes joy, Twins pride, while Triplets are the envy of all Mothers.

NEW YORK, May 23, 1887.

To the Proprietors of Castoria –"I send you photographs of my famous triplets—two boys and one girl. At first they were sickly, but I gave them plenty of Castoria, and now they are fat and healthy. They are only two months and three days old, and weigh 8, 8¼ and 9 pounds respectively. Beat this who can." MRS. MARY KLINGNER, 726 Cortland Ave.

Mother's Milk

SOMETIMES sickens the baby. It varies from 32 to 64 ounces a day in quantity, and from 8 to 12 per cent. in quality. It partakes of the food eaten. Fright will cause salts to rise in the milk so as to give the baby convulsions. In such cases as this, Castoria shows its power quickest. It is an absolute assimilator of food.

Calves Crossing the Stream.

Improper Food.

THE nursing mother should not eat rich pastrys, gravys, greens, spices, or acids, nor drink strong tea, coffee, beer or spirits. These things will not assimilate with an infant's food. They destroy the digestive fluid known as ptyaline, and instead of converting the food into nutrition, it is curdled and soured. This produces colic, flatulency, diarrhœa or constipation. Then follow fevers, eruptions or sickness of some kind. At such times Castoria will destroy the acidity and correct the difficulty.

THE OLD WAY.

How babies stomach once did sour,
How doctors physicked by the hour.

Why did Job always sleep cold? Because he had poor comforters.

Why Mrs. Tubbs Kicked.

MEN strike with their fists. Sometimes they swear, but they seldom kick. To disconsolate women is left a monopoly of kicking.

They do not kick men, they kick the floor. Mrs. Tubbs was a kicking woman. This picture represents her in the act.

She had sung "Lully by baby." She had repeated Mother Goose's Stories. She had tried paregoric, Godfrey's Cordial, and soothing syrups. They were all of no use. Baby still cried. She tried praying. It was a failure. He cried the harder.

Mrs. Tubbs had carried that baby in her arms by turns for months. She had rocked him in the cradle. She undid his clothes for the fortieth time to see if a pin pricked him She employed doctors. Still that baby cried the louder.

He had kept it up for four long weeks. He was getting thin. Mrs. Tubbs thought her baby would die. This was the way he looked. It was dreadful. Mrs. Tubbs was nearly crazy. She was almost dead. She cried. Then she wrung her hands. Then she pulled her hair. Then she kicked.

She believed there was nothing in this wide world that would cure her sick baby. Her mother told her so. It looked just that way.

She did not know that there was one remedy that would cure her baby. A remedy that digests babies' food. It was indigestion ailed her baby.

Belching gas like a steam engine. Vomiting sour curd like a hen pigeon. Drawn into knots with colic, and still Mrs. Tubbs did not know that milk had soured on baby's stomach !

Mrs. Tubbs is an educated lady with a large heart and a pretty fair sized foot. Singular that she did not know of Castoria, which has been curing sick and crying babies for 30 years. But this was Mrs. Tubbs' first baby.

That night another mother across the street heard the doleful cry. In the midnight darkness Mrs. Smith carried poor Mrs. Tubbs some of her baby's Castoria. Just as soon as the Tubbs baby had swallowed a few drops of the Smith baby's Castoria, he was as quiet as a lamb.

That's just the way Castoria acts. It has the knack of curing children. It always cures them. It cures quickly. They like it. It gives them health. It gives them sleep. Mrs. Tubbs will never kick again. She now believes in Castoria.

DR. Norman P. Little, of Columbus, Conn., and widely known throughout the Eastern States, says :—"My family of eight children have been given Castoria. I prescribe and recommend its use in preference to any formula known to me."

Dr. H. A. Archer, an eminent physician of No. 111 South Oxford Street, Brooklyn, N. Y., says :—"Castoria is so well adapted to the derangements of infants and children, that I recommend it as superior to any other known remedy."

Rev. Dr. Pope, well acquainted with Dr. Pitcher, says :—"I have used Dr. Pitcher's Castoria in my family, and cheerfully bear testimony to its being all that is claimed for it."

Mr. J. M. Gordon, writes from Buffalo Gap, Dakota :—"Have just removed here from York State, and have had to send fifty miles for some **Castoria** and Centaur Liniment. No living on the ranch without **Castoria.**"

Mrs. E. C. Gildersleeve, an experienced nurse, residing at No. 402 Atlantic Ave., Brooklyn, N.Y., says:—"I have used **Castoria** in numerous cases for babies of 4 weeks old and upwards, with most wonderful effects."

DRESDEN, GERMANY, April 1, 1887.

"I have pleasure to inform you that **Castoria** is the most popular article in all Germany. Every one thinks highly of it."

GEORGE BAUMAN, Chemist, 2 Prager Strasse, Dresden.

Dr. J. N. Kincheloe, of Conway, Ark., writes :—"I rejoice to know that a remedy for children has been introduced which is harmless and reliable. All morphine drops and syrups are absolutely dangerous. I prescribe **Castoria** regularly. Any mother can administer it without fear."

Wei De Meyer's Catarrh Cure is the only remedy known, that will permanently cure a case of Chronic Catarrh.

The man had by mistake been published as dead, and called upon the editor for an apology. "This paper," said the editor, "never takes back anything. If you insist that you have been misrepresented, why, we'll put you among the births in our next issue. That will square it."

"Nothing will clean clothes." says Tailor Bell, "Like a wife with a brush and **Zymel.**"

How Children Had "Fun."

On a summer day they went to play
Down the road to Deacon Jones' pasture,
Dick climbed the tree, Vic looked so gay,
The hours were spent in fun and laughter.
That night those youngsters yelled with pain,
Yes, the funny Dick and Victoria;
The gripes were of the green apple kind,
But quickly cured by **Castoria.**

Jonas mixed a little suthin' in his water, because, he says, ever since the deluge fresh water tastes of drowned sinners.

The richest man in America, was Vanderbilt, $200,000,000. In England, the Duke of Westminster, $400,000,000. In the world, is Tesing of China. He is worth $1,000,000,000! What an income! At 5 per cent. $50,000,000 a year!!

Rhemuatism can be cured by Centaur Liniment.

Why is a woman with wit like a telegraph message? Because she is always ahead of *male* intelligence.

Slightly Disagreeable.

RHEUMATISM, Sciatica, Lumbago, and pain in the back, are not desirable companions. We want to be rid of them, without trifling. They usually hang on until death. There is one thing that will quickly exterminate Rheumatism, Sciatica, Lumbago and Pain in the Back. That thing is **Centaur Liniment.**

Burns, Scalds and Scars are not exactly agreeable ; burns and scalds can't be prevented, but scars from them can be prevented, and so can the swellings, the pains and the sores. **Centaur Liniment** will surely and quickly remove the pain, heal the sores and prevent their leaving scars.

A Sprained Ankle, Knee or Hip is decidedly disagreeable. Anything of the kind is awfully annoying. It prevents the owner from chopping wood and from dancing a hornpipe. Besides it is painful and makes one cross. For such unwelcome visitors, **Centaur Liniment** is not only a certain cure—it is a speedy cure.

What is more annoying than a spavined and lame horse. We may go to Church and pick strawberries on foot, but we can't plow the garden or draw a load of wood without a horse. A first-class sprain may last a year—it may last while the horse lives. But it may be cured in a very few days. **Centaur Liniment**—yellow wrapper—is curing lame and galled horses all the time. It has been doing it for twenty years. It is the best thing for lame horses ever devised by man.

Inflammatory Rheumatism and Gout ! What can be worse ? Fingers drawn into corkscrews ; the feet bundled up like cannon swabs ; the body bent double and every nerve jumping like the toothache. We don't believe that any one likes Inflammatory Rheumatism or Gout, still many persons have them and they needn't have them. **Centaur Liniment** will cure Inflammatory Rheumatism and Gout. It will cure them quickly. We do not know of any other remedy that will absolutely exterminate either Inflammatory Rheumatism or Gout.

There is no question about it, **Centaur Liniment** has come to stay. It is what the world has been long in need of. Something that will subdue inflammation, heal wounds, limber stiff joints and cure lameness. The lame, the crippled and rheumatic sufferers all agree, that remedies are many, but that there is only one real, absolute and quick cure. We want to be cured—not trifled with. **Centaur Liniment** will cure.

Otherwise Crippled for Life.

DR. Elias Bowly was thrown from his horse, breaking one rib and so terribly bruising him that he was unable to leave his bed for several weeks. He says: "I should have died, or been a cripple for life, had it not been for the **Centaur Liniment.**"

Why do ladies, squeezing wet linen, remind us of going to church? Because the belles are wringing.

"Are you ill?" asked the physician; "let me see your tongue, please?" "It's of no use doctor," replied the patient; "no tongue can tell how bad I feel."

More than 500,000 persons have been cured of Catarrh by Wei De Meyer's remedy.

To cleanse your clothes and make them look well,
One thing there is and that is **Zymol.**

Why was Noah a good financier? Because he floated a limited company when all the rest of the world was in liquidation.

When the milk curdles, baby will cry,

That Castoria cures by night or day.

You ask what is the secret of wealth. The question is answered in the talismanic word of only four letters: S—A—V—E!

A woman may not be able to sharpen a pencil or throw a stone at a hen, but she can pack more articles into a trunk than a man can do in a one-horse wagon.

Mrs. Snooks loves to make bread, because it cleans her hands so beautifully.

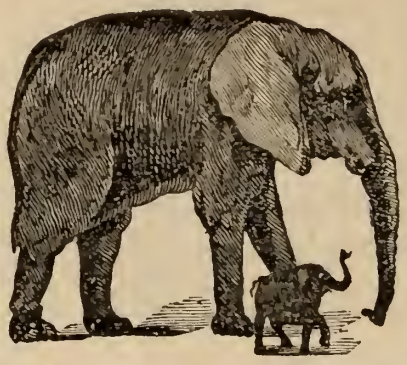
"What's up. One of your windows is wide open." "Where?" exclaimed the startled professor. "The one you are looking out of."



Jumbo and the Baby Elephant.

Appreciated.

ALAS poor Jumbo! But Messrs. Barnum, Bailey and Hutchinson, are still the owners of over fifty Elephants. In their travels we have reason to believe that all of these intelligent beasts carry **Centaur Liniment** in their trunks.

This is What Barnum Says.

438 FIFTH AVE., New York, May 9, 1875.

"AMONG my vast troop of teamsters, equestrians, horses, camels and elephants, there are always some lame, wounded, galled and strained. My doctors and veterinaries all assure me that nothing has proven so prompt and efficacious a remedy for men and animals as **Centaur Liniment.** If you could supply me with a live Centaur, I will give you my check for $100,000." "MY mother has **suffered** terribly with Rheumatism for **sixteen years.** Of late she has been **paralyzed** on one side. No one thought she would ever be able to walk again, as she is **seventy-four years of age.** She has been using the **Centaur Liniment** for a few weeks, and now she can **talk and walk** tolerably well. I think that your Liniment **deserves all the praise** it has received."

RILEY Hance, on his oath says: "That for the last ten years he has been severely afflicted with Rheumatism, and has been for the last six years entirely helpless, insomuch that he could hardly move, and had given up all hopes of ever being helped. And deponent further says that about five months ago, he commenced the use of **Centaur Liniment,** which has produced wonderful results, and that he now feels almost as well as ever. Considering my advanced age, 67 years, I think the result a miracle." RILEY HANCE.

"IN 1875, I was traveling agent for Wilson, Peter & Co., Louisville, and was severely bitten by my horse. Having a sample of the **Centaur Liniment** in my wagon, I had it applied. JEFFERSONVILLE, IND., May 2, 1878. ISAAC BRINKWORTH.

Sciatica Cured.

MARYVILLE, O., May 19, 1873.

GENTLEMEN:—"You certainly have the most efficacious remedy I have ever seen. I have suffered with Sciatica so that **I could not get out of the house** at times, for several years. To say that I doctored and tried remedies does not express it. When I saw the **Centaur Liniment** advertised I went for it. I have now used three bottles, and can walk without the aid of my cane. I am improving daily."

JOSIAH WESTLAKE.

CENTAUR LINIMENT is the most prompt and efficacious external remedy ever devised by man It is used in immense quantities among all civilized peoples because it has been found to be an **Instantaneous** Pain Reliever—as sure as chloroform, and as certain as sunrise.

Gentlemen :—"I am thankful for the **Centaur Liniment.** It has done me good—so much good that I feel like a new woman. My lameness is from Palsy of eight years standing, I write with my left hand. I can hobble through the house and help tend the office ; but I think, with God's blessing for your Liniment, there will be another way for me."

Lameness of any kind—try Centaur Liniment

"Man wants but little here below?"
The statement causes mirth;
It might have been in earlier times;
But now he wants the earth.

What Wei De Meyer Discovered.

THAT Catarrh is a poisonous infection of the mucous membrane.

2. **That beginning in** the nose, it soon becomes constitutional, poisoning the entire system, and is beyond the reach of mere local remedies.
3. **That these poisonous** sporules can be reached and destroyed only by antidotal, vaccine elements.
4. **That this antidote** must have an affinity for, and be absorbed by the purulent mucous, and by it be circulated throughout the system.
5. **That Insoluble** snuffs and inhalations can not reach or exterminate the seeds of Catarrhal Poison.
6. **That the elements used** by him, assimilate with, destroy, and exterminate Catarrhal virus. Following the mucous linings through the system, it expels the virus from the head, the throat, the stomach, the lungs and the generative organs.

RECORDS of 600,000 Cures effected by **Dr. Wei De Meyer's** treatment attest the correctness of these statements. They answer every inquiry in regard to Catarrh. These records show that at last a real cure for this undermining and disgusting complaint has been found.

THIS remedy stands alone; the theory upon which it is founded, appeals to reason; it is in harmony with science; it challenges the world for successful disproval.

We Say

THAT Catarrh is a hard disease to manage; to cure it has been deemed impossible. Why? Because the doctors do not understand its origin. Catarrh is not a local disease of the nasal organs. It comes from poisonous sporules circulating through the entire mucous linings of the system.

This poison gets into the throat; it effects the voice. It gets into the head; it effects the hearing. It gets into the stomach; it produces dyspepsia. It gets into the blood; it becomes scrofula. It gets upon the respiratory organs; it causes consumption. One snuffling, nose-blowing, hawking, expectorating, sore-eyed, foul breathed catarrhal sufferer, gets into the house; it is like a wasp in a swarm of bees.

Dr. Wei De Meyer

CAN cure Catarrh. So far as we understand the facts, he is the only person who ever has cured a case of chronic catarrh. Do you know of another one? We do not. Prof. **Wei De Meyer** has the proof that he has cured more than **600,000** cases of Catarrh. Some of them were very bad cases and had been running five, ten and twenty years. This is a slightly important and a very sincere matter. Prof. **Wei De Meyer** is the discoverer of a Catarrhal antidote—a **Catarrh Cure.** His "**Treatise**" tells all about it. The Treatise is mailed free to any one. It contains statements from thousands of the cured, from all over the world, some of whom, doubtless you know. **Dr. Wei De Meyer's** discovery of a cure for loathsome Catarrh, is the most important medical discovery since the discovery of vaccination as a preventive of small-pox.

ROSY CHEEKS.

It is a fact there is no "maybe,"
Mother's milk can't save the baby,
While **Castoria** digests their food
Cures all their pains and makes them good;
Gives them healthy, rosy cheeks,
With dreams of joy while they sleep.

Mary had a sweet little doll,
With eyes the kind that shut,
And rosy cheeks like other dolls,
And gloves on its hands;—but
When round its dainty waist she felt,
And touched a hidden spring,
It warbled underneath its belt;

THAT so much is said of Wei De Meyer's Catarrh Cure? Because Catarrh is a prevalent, loathsome disease. Because formerly it was deemed to be incurable. Because it does absolutely cure Catarrh. Because in almost every hamlet in the civilized world there is some person who has been cured by it. Because thousands of well known persons make such statements as the following:

Vice-President of the United States Cured.

Vice-President William A. Wheeler was a great sufferer from Catarrh. Frequently he was unable to preside in the Senate Chamber. He employed the most eminent physicians and used popular remedies, but without benefit. After years of humiliation and torture, he was induced to try **Wei De Meyer's great remedy,** which, after a few months, completely cured and restored him to health. Mr. Wheeler resided at Malone, N. Y. He assured us of the above facts and gladly verified them to everyone.

Rev. Charles J. Jones says:

"I was attacked with Catarrhal symptoms some four years ago. It gained upon me, although I tried many remedies. **I feared I would have to bring my ministry to a close,** and the relief I experienced from the first box of **Wei De Meyer's was worth ten times the price.** I conduct several services a week, speaking and singing at each. My relief is so great that I would not be without your **Catarrh Cure** at any cost."

REV. CHAS. J. JONES, New Brighton, S. I.

"An Object of Loathing and Disgust."

D. G. McKelvay, Esq., U. S. Government Inspector; residence, 158 15th St., Brooklyn, N. Y., writes:—

"My sufferings from Catarrh for over four years were indescribable. My taste and smell were entirely gone: the virus **ate through** from my left nostril to my cheek; my voice was affected; my health was undermined; I could not breathe through my nostrils; my breath was terribly offensive, and I felt myself **an object of loathing and disgust.** By the final use of Wei De Meyer's wonderful discovery, the formation of mucous ceased, my **taste and smell were restored,** my appetite returned, and I was **perfectly cured.** It is now over three years, and I have had no return of any Catarrhal symptom."

D. G. McKELVAY.

"Too Deaf to Hear the Church Bells Ring."

21 John St., Newport, R. I., Feb. 18, 1880.

MESSRS. CASSWELL, MASSEY & CO., Druggists. "When I commenced using Wei De Meyer's Catarrh Cure, my hearing was so much impaired that I could not hear the church bells ring. Thanks to Dr. Wei De Meyer, I am now able to hear ordinary conversation. I recommend the Cure to all persons afflicted with Catarrhal deafness."

CHAS. A. STANHOPE.

A Minister's Wife Nearly Deaf.

CLARKSVILLE, ALBANY CO., N. Y., Feb. 18, 1880.

"My wife had Catarrh in its worst form, so that she became nearly deaf; she is deriving great benefit from Wei De Meyer's Cure. Please send me six packages more as soon as possible. The Cure is working wonders for my wife."

REV. W. O. TOWER, Pastor M. E. Church.

"Radically Cured."

Rev. Chas. H. Taylor, Pastor of the Noble Street Church, Brooklyn, N. Y., writes:

"I have suffered for **several years** from Catarrh, and have tried many remedies without benefit. I have used one box of Wei De Meyer's Compound and am radically cured."

This Plate

ILLUSTRATES how poisonous Catarrhal Mucous in the Nasal Cavities communicate with the eyes; with the drum of the ear; with the stomach and with the bronchial tubes, lungs and vital organs. Through these processes Catarrhal virus undermines the entire system, and becomes a fruitful source of Deafness, Polypus, Weak Eyes, Bronchitis, Leucorrhœa and Consumption. Wei De Meyer's treatment, absorbs Catarrhal virus; it kills the poisonous sporules; it cures Catarrh; it prevents many other diseases.

Children Cry for Pitcher's Castoria.

Castoria und Säuglinge.

Hat Castoria gebraucht.

Mehr als ein Drittel aller Kinder, die geboren werden, sterben ehe sie fünf Jahre alt sind. Eine Mehrzahl der Kinder, die sterben, werden erst betäubt und dann vergiftet, getödtet, durch gefährliche, Opium enthaltende, einschläfernde Mittel. Diese kostbaren Leben könnten gerettet werden. Diese Kinder könnten gesund gemacht werden; sie könnten einen süßen Schlaf erhalten, ohne betäubt zu werden.

Castoria ist ohne Zweifel das wunderbarste Heilmittel für Säuglinge und Kinder, das die Welt je gekannt hat. Es regulirt den Magen und den Stuhlgang. Es ist angenehm. Es ist harmlos.

Damit Mütter und **Aerzte** wissen mögen, was sie den hülflosen Säuglingen und Kindern geben, ist das Rezept für Castoria um jede Flasche gedruckt.

Die Mütter und **Aerzte** kennen diese Bestandtheile. Sie wissen, daß dieselben gut und nicht schädlich sind. Sie haben Castoria seit dreißig Jahren gebraucht. Castoria gefällt ihnen. Es giebt ihren Kindern und Patienten Schlaf. Es giebt ihnen Gesundheit. Es rettet ihr Leben.

Castoria vertreibt Würmer. Es dämpft Fieber.

Castoria heilt sauren Magen. Es hebt Verstopfung auf.

Castoria heilt Kolik. Es vertreibt Blähungen.

Castoria erleichtert das Zahnen.

Castoria enthält weder Opium noch Morphium. Siehe das Rezept.

Castoria assimilirt die Nahrung, es regulirt den Stuhlgang; es giebt einen gesunden und natürlichen Schlaf. Es wird jetzt mehr **Castoria** gebraucht als von allen anderen Heilmitteln für Kinder zusammengenommen.

WEI DE MEYER'S CATARRH CURE has proved to be infallible. The secret of its great success is that it innoculates the mucous membrane, and exterminates its poison from the system. Cases of one, five and ten years standing like that of Vice-Pres. Wheeler have been speedily cured. Yes, Catarrh can now be cured.

It will cure sprains, bruises, lameness, and rheumatism of men. It will cure sprains, bruises, galls, lameness and sprained horses. It is a Centaur Liniment. If not, what is it?
